I am surely grateful that so many people have visited me in my confinement, a result of a stroke of paralysis, September 20th, last. LOCAL POSTOFFICE AFFECTED BY BILL

WOULD INCREASE SALARIES OF SIXTEEN EMPLOYES.

IS PASSED BY SENATE

And J. F. Hull Points Out That the Measure Must Pass House and Be Signed by President.

The postal pay increase bill, passed by the Senate yesterday will increase the salaries of sixteen employes at the local postoffice, J. F. Hull, postmaster, said this morning, and would mean a total increase in salaries at the Maryville office of $3,400 per year.

Five regular clerks at the local postoffice would receive increases of $300 per year each, four city carriers $300 per year each, and seven rural carriers $100 per year each.

Mr. Hull added, however, that the bill must pass the House and be signed by President Coolidge before the salary increases will be in effect.

Salaries of 300,000 postal employes would be increased by an average of $200 each annually under the measure which now goes to the House, where a bill of somewhat different terms is pending.

An estimated increase of $60,000,000 in postal expenses which would be entailed by the Senate bill, would be met by the "normal increase in business," the Senate was told by Senator Edge, Republican, New Jersey, who had charge of it.

The following schedules of salaries in the postal service would be adopted under provisions of the measure:

CLERKS AND CARRIERS: $1,700 to $2,100; special clerks at first and second class offices, $2,200 to $2,300; substitute and temporary clerks 65 cents per hour; watchmen, laborers and messengers $1,450 to $1,550; marine carriers $2,400.

Railway mail service: Clerk (seven grades) $1900 to $2,700; supervisory officials $2,800 to $4,500; sub-clerks, $1,850.

Rural deliveries: No change in salaries but allowance of four cents a mile a day for maintenance of equipment, amounting to $220 for average route.

Postmasters: No change in first class salaries between $3,200 and $8,000; second class increased from $2,300 to $2,400.

Inspectors: Six grades, $2,800 to $4,500.

DAUGHTERS OF 1812 PLACE 2 MARKERS

ON GRAVES OLD SOLDIERS AT BURLINGTON JUNCTION.

HOPE TO PLACE MORE

Purpose of 1812 Organization Is to Mark Historic Places and Preserve Historic Data.

The Benjamin Wright Chapter, Daughters of 1812, has placed two bronze markers on the graves of Christian Huddle and Thomas Corken, buried at Burlington Junction. These are the first official markers placed by the organization in Northwest Missouri and were placed this year for Decoration Day. O. C. Hanna and Lafe Johnson of Maryville are grandsons and Hildred Hanna Toel of St. Joseph and Forrest Hanna of Kansas City are great grandchildren of Christian Huddle and Thomas Corken.

The chapter hopes to mark two more graves soon, one near old Xenia, the other at White Oak cemetery.

The purpose of the 1812 organization is to mark historic places and preserve historic data. The society has contributed through the national society to the Dartmoor Memorial window, placed in the St. Michael's Church, Dartmoor, England at a cost of $1,250, in memory of the American prisoners of war, who during the war of 1812 were detained in Dartmoor prisons and helped to build the church there. The society also contributed toward the Francis Scott Key "Star Spangled Banner" memorial at Baltimore, Md. It is a bas-relief tablet to commemorate the writing of the national anthem. It has also contributed toward the buying of the Roosevelt home in New York which was purchased as a memorial building.

The local chapter has a membership of nineteen. Fourteen members are direct descendants of Benjamin Wright for whom the chapter is named, Mrs. Lucinda Wright Richardson being a real daughter. Mrs. Charles T. Bell was honored with a state office this year, chairman of grave markers.

The last meeting of the chapter will be held June 12, with Misses Gertrude and Marie Wright as hostesses. This will be guest day and the program will be on "The Rose as a Factor in History and Poetry." Mrs. LeGrand Gann, Mrs. Charles T. Bell and Mrs. W. E. Blagg will have charge of the program and special music is planned.

Miss Davison Gives Lesson at Lafayette

First of Series of Ten Instructions—Expects to Have Women's Classes in All Parts of County.

The first lesson in the series of lectures and demonstrations in the course in "Mothers' Conferences in Home Nursing and Care of Sick," that is being conducted by Miss Margaret Davison, nurse of the County Health Department, was given to about twelve women at the Lafayette High School in the extreme southern part of the county yesterday afternoon. Miss Davison reports that a heavy rain in that vicinity made the attendance light.

Miss Davison is now organizing classes among the women in nearly every part of the county and will give these series of ten lessons, which will take up until the first of August. She is expecting to have at least five classes each week, and perhaps more will be organized as the series of instructions progresses. One lesson will be given each week, Miss Davison said this morning and she announced that the schedule will be completed by the last of the week and will be published later.

The series of ten lessons includes the making of beds occupied by a patient, bathing and caring for patient, care of mother and baby, care of cases of contagious diseases in household so as to protect the caretaker and the family, and the feeding of babies and children up to six years of age.

Miss Davison carries a miniature bed and a baby-sized doll, so that demonstrations made may be as real as possible.

The total registration at the College at 3:30 o'clock this afternoon was 1,286 students, not including those enrolled in the Conservatory. The enrollment last year was 1,225, making an increase of sixty-one students so far.

Former Chancellor to Attempt New Regime

Social-Democrats Probably Will Have No Positions in New German Government, it is Reported

Social-Democrats probably will have no positions in the new governments.

LAFOLLETTE'S AIM WORRIES LEADERS

EXPLODES BOMBSHELL IN POLITICAL CIRCLES.

BREAKS WITH PARTY

Declares He Must Be Reckoned With in Any Calculations Designed to Elect President.

Washington, May 28—Senator Robert M. Lafollette of Wisconsin, guiding genius of the insurgent forces that control the Sixty-eighth Congress, served notice today on the leaders of the Republican and Democratic parties that he must be reckoned with in any calculations designed to elect a President of the United States in November.

He divorced himself completely from any connections with the Communist movement in the United States declaring he would have nothing to do with the Farmer-Labor-Progressive convention at St. Paul on June 17 "because those who have had charge of the arrangements for the convention have committed the fatal error of making the Communists an integral part of the organization."

These utterances from the Wisconsin progressive gave political leaders much food for thought.

If LaFollette heads a third ticket, Republican leaders are fearful he will cut severely into the Coolidge strength while the Democrats feel that LaFollette as a Presidential candidate would insure the election of a Democrat to the White House.

LaFollette made it plain he does not want to be placed in the light as a radical but merely as an independent progressive, free from any Republican, Democratic and Communist entanglements.

St. Paul, Minn., May 28—Announcement of Senator Robert M. LaFollette that he would have nothing to do with the third party convention here June 17 strengthened political observers in their belief today that the convention, as far as national politics go, would prove a "dud," rather than a "shot heard around the world."

COOLIDGE FAVORS NEW CONFERENCE

WOULD LIMIT MANUFACTURE OF WAR MATERIAL

WANTS NAVY IMPROVED

Expenditure of 200 Million Dollars is Asked—"Death Ray" No Practical Military Use

Washington, May 28—After signing the 1924-1925 naval appropriation bill carrying a rider providing for a new armament conference, Mr. Coolidge announced that such a conference will not be called immediately.

However, his signature to the bill definitely accepts the invitation of Congress to enter into treaties with Great Britain, France, Japan and Italy for the further limitation of naval armaments.

Washington, May 28—While the House prepared today to approve an expenditure of 200 million dollars to make the United States navy equal in every respect to that of Great Britain, President Coolidge signed the 1924-25 revenue appropriation bill, carrying a rider for a new international conference to limit aircraft, submarines and auxiliary equipment.

When the debate on the naval bill opened in the House, Representative Fred Britten, Republican of Illinois, declared that the range of the best guns on American ships was two miles less than that of the British and Japanese guns.

"The United States got the little end of it at the Washington conference," he said. "We made greater sacrifices than any other nation, but the American navy can be placed second to none if the pending program is approved."

Washington, May 28—Experiments conducted by officials of the chemical warfare service of the army have indicated that the so-called "death ray" now being exploited in Europe, has no practical military use, it was declared at the War Department today.

Officials expressed considerable interest in the French and English experiments but said that government scientists under the direction of the war department had already exhausted the possibility of the deadly ray.

Painter Out of Governor Race

Democratic Leader Declares He Won't "Sell Governorship" and Hasn't Funds to Run Other Way

St. Louis, Mo., May 28—Senator William R. Painter of Carrollton, former lieutenant governor, leader of the Democratic majority in the Senate, and for many years one of the party leaders of the state, yesterday announced in a statement to the St. Louis Post-Dispatch that he had reconsidered his intention to become a candidate for the Democratic nomination for governor. He will not file this year for the nomination for that or any other office, he said, but will continue in the Senate.

This leaves in the contest, Dr. Arthur W. Nelson of Bunceton, George H. Moore, of St. Louis and Floyd E. Jacobs of Kansas City.

Senator Painter had been touring the state the last six weeks as a tentative candidate.

"I cannot see that there is anything in this campaign for me," Senator Painter said. "I am a man of average means and such a man has no business running for office in Missouri. I estimate that no man need seek the nomination for governor and have any hope for success unless he is prepared to spend $50,000 or more.

Won't "Sell Governorship"

"Any man who has been much in the public mind in state affairs can easily get $50,000 or $100,000 to make the race for governorship. There are interests which are standing ready to buy it. But I will not do that."

Declaring that he was getting out of the race "with only kindly feelings for all the other candidates," and that he did not think it proper to express a personal choice between them, Senator Painter added:

"It matters not how the candidate plans to reduce taxes, or what are his views on good roads or what he would do about the primary law. If he does not fall in line with the particular views of some particular farm organization, the members of that organization probably are against him. If he is not willing to pledge control of the state insurance department to a selfish insurance interest, the men aligned with the insurance interests are against him. If he does not line up with a particular school of healing, the doctors are against him. So with the wets and the drys, the klan and the anti-klan, sound views on economic problems which affect the welfare and the happiness of all matter not.

Unwilling to be Demagogue

"It seemed to me that in that kind of a situation no man could have any feeling of certain success for his candidacy unless he was willing to become a demagogue and become all things to all men. I was not willing to do that. I had my views and was not inclined to sacrifice them just to get to be governor."

Discussing the primary law, Senator Painter said: "The primary is not representative. Only a small proportion of the eligible voters go to the polls. Nominations usually are by small minorities. I recognize there were many faults with the convention system as we knew it years ago, but I believe they can be corrected by legislation."

TO IMPROVE R. R. CROSSINGS SOUTH

OF CITY ON DETOUR BY THE BURLINGTON R. R.

AN OVERHEAD CROSSING

Is Impractical at Bridgewater Crossing, Mr. Card, Burlington Superintendent, Contends.

W. A. Card, general superintendent of the Burlington with headquarters at Burlington, Ia., in his private car, with P. J. Melody, roadmaster of the Burlington at Creston, came to Maryville today in regard to making some improvements in railroad crossings on the road south of Maryville.

As work was started on the state road south of Maryville, it is practically certain that the detour road during the time the state road will be paved, will be the road known as the bottom road, east of Maryville, and then south to Bridgewater and on into Barnard. At the railroad crossing near the old Carr place, three miles south of Maryville, the township board has made some improvements in straightening the crossing there over the Burlington.

At the Carr crossing, the Burlington will move their guards so as it will be more convenient for motorists.

The railroad is also considering ways to give protection to motorists at the Bridgewater crossing over the Burlington so as to make it perfectly safe. The officials consulted with the county court and just what means will be employed are not certain yet. The officials contend an overhead crossing is impractical owing to the location with reference to the road and approaches. It is thought the most likely solution will be to employ a crossing watchman or flagman for all trains in the day time and the evening train. At any rate, Mr. Card says the crossing proposition will have the fullest attention and some safe means for protection to travelers will be provided.

S. S. Class Party.

Members of a Sunday School class of the Methodist Church at Graham were entertained last night at the home of Ethel Baer. Games and music were the diversions of the evening. The party will also include Mr. and Mrs. Fred Newlon and children, Ray and Alice, Mr. and Mrs. John Mutz, Ben Travis, Mr. and Mrs. L. J. Schnabel and daughter, Nancy Ellen, and Mrs. Nancy Smith.

A pyramid tea will be given at 2 o'clock Saturday afternoon in the basement of the First Methodist Church with Mrs. Charles DeNeen, Mrs. Fred Wallace, Mrs. Verlin Conley, Mrs. S. H. Wells, Mrs. Orville Busby, Mrs. Henry Smock, Mrs. Russell Smock, Mrs. A. Marsh and Mrs. Emma Booth as hostesses. All members of the Merry Mingler Club are invited.

ITCHING ECZEMA DRIED RIGHT UP BY THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Rowles Mentho-Sulphur from any good druggist and use it like a cold cream.

IMPORTANT GOLF MATCH FOR SUNDAY

LOCAL GOLFERS WILL GO TO SHENANDOAH.

ONLY 1 CONTEST LOST

By the Shenandoah Team and That Was to Maryville Two Weeks Ago—Number Expect to Go.

The most important golf match of the Missouri-Iowa Golf Association for the team representing the Maryville Country Club is to be played at Shenandoah this coming Sunday, in the opinion of the golfers of the local club. Maryville has won all of its contests, while the only match that Shenandoah has lost was to the local golf team here two weeks ago. The Shenandoah players have warned the local men that they fully expect to even up matters on the Shenandoah links.

Quite a large number of Maryville members are planning on making the trip to Shenandoah. The entire club visited the Shenandoah club last year, so that both clubs are well acquainted with each other.

Forrest Gillam reports that there is a very nice place on the Shenandoah grounds for picnics and undoubtedly a number of the local fans and their families will take a picnic lunch up with them.

The local golf committee would like to know the approximate number of golfers that are expecting to make the trip to Shenandoah Sunday. Whoever intends to go should notify one of the members of the golf committee, either F. C. Miller, M. V. Sims or F. T. Gillam, as some may have room for an extra passenger, and the committee would like to provide a way for all who wish to make the trip.

Quart of Water Cleans Kidneys

Take a Little Salts if Your Back Hurts, or Bladder is Troubling You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eating too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys may act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to flush and stimulate the kidneys; also to help neutralize the acids in the system, so they no longer cause irritation, thus often relieving bladder weakness.

Jad Salts is inexpensive; makes a delightful effervescent lithia-water drink which everyone should take now and then to help keep the kidneys clean and active and the blood pure, thereby often avoiding serious kidney complications. By all means have your physician examine your kidneys at least twice a year.

STRENGTH GIVEN BACK IN STARTLING FASHION

So weak that he could hardly lift a hammer to drive the nails with which he earned his daily bread, Joseph Woods, 1110 Rogers Ave., well known carpenter of Springfield, found renewed health and quickened vigor and he doesn't hesitate to say Karnak was responsible. He's another Missourian to add his tribute to the health building powers of this sensational new medicine.

"I feel like I ought to go from house to house and tell people about this medicine," says Mr. Wood. "Mighty nearly everything was the matter with my stomach. I was constipated, bilious, and rundown. I'd stay awake for hours, rolling and tossing in my bed, and some days I was fagged out before I started to work. I got so weak I could hardly lift a hammer.

"Then I got hold of Karnak, and it swept away all my troubles. I'm my old self once more, eat like a horse and sleep like a log. Karnak is sure a world beater."

Karnak is sold in Maryville exclusively by Maryville Drug Co.—Adv.

Our Store Will Be Closed on Friday

Year after year, until time mellows with hoary age, Memorial Day ever will recall sweet-sad and tender-anguish memories and thoughts of yesteryears—of those dear and loved who fell on the field of strife; who perished that a Nation and a World might be preserved for posterity; that civilization might not be forgotten.

Ever mindful of those great sacrifices and that in our small way we may give what little homage to the heroic dead that is within our limited power, our store will remain closed all day Friday—Memorial Day—opening again Saturday morning.

This Bucket of Water Proves that You Can

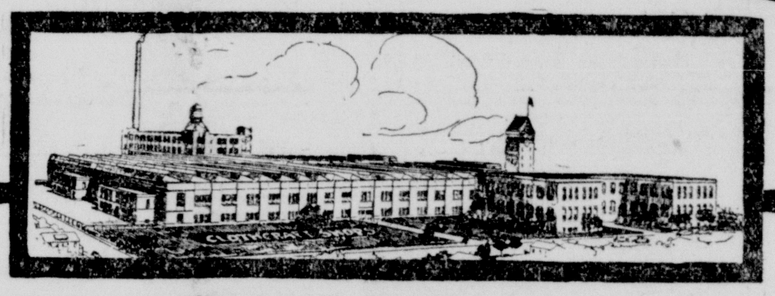
Save $10.50 on America's Most Famous Men's Serge

CLOTHCRAFT "5130" SERGE

CLOTHCRAFT "5130" SERGE is the most famous Men's Suit in America! More men have worn it than any other one suit. For years it has been recognized as the BEST VALUE in men's serges that any clothing manufacturer ever produced.

But a CLOTHCRAFT "5130" SERGE costs you $10.50 LESS than any other serge that begins to rival it in quality. It's a $40.00 VALUE . . . value that can be proved!

That's just a manufacturer's claim, you think . . . but, listen! They have taken a CLOTHCRAFT Coat at random from the racks, plunged it into a bucket of water and completely drenched it. Then, they hung it up to dry, and repressed it, and there wasn't the slightest alteration in fit, looks or shape, not the slightest injury to the fabric or change in color. That test has been made not once, but many times. Can you want any surer proof of the quality that is tailored into a CLOTHCRAFT Suit?



World's Largest Single Clothing Plant Offers You a Demonstrated $40 VALUE in Men's Serges at $29.50

This is the most wonderful VALUE that has ever been offered to the men of this City! The most famous men's Serge in America! CLOTHCRAFT "5130" SERGE! A $40 value at the $10.50-SAVING price of $29.50!

If you have been paying $40 or more for your Suits, come in and see this CLOTHCRAFT "5130" SERGE at $29.50. Try one on. See how the garment settles easily and *comfortably*, adjusting itself to your figure. CLOTHCRAFT is tailored to FIT!

Feel the "body" of the Coat. The shape is built in, stitch by stitch to STAY! CLOTHCRAFT will *keep its shape for seasons*.

Look for the little details that give style and distinction. . . . the clinging collar, the flat lapels, the fit of the neck, the hang of the sleeves. CLOTHCRAFT has style. . . . sensible, enduring style in every line.

Then, feel the firm texture of that wonderful Serge. Whether you know fabrics or not, you'll KNOW that THIS fabric WEARS, and wears well. . . . keeps its good looks and its shape.

You'll find as much 100c-on-the-dollar VALUE in a CLOTHCRAFT Suit as in any suit you ever paid $40 for. . . . ***and it costs you $10.50 LESS*** for the simple reason that it's tailored in the most completely equipped men's clothing plant in America, by the most scientific manufacturing methods ever developed. That means economy. . . . ***and you get the saving in the price of $29.50.*** CLOTHCRAFT "5130" SERGES are offered in Blue, Gray and Brown in a variety of attractive Men's and Young Men's models at $29.50.

Clothcraft DeLuxe Serges $36.50

The same wonderful VALUES are offered in a heavier weight Serge, CLOTHCRAFT "4130" DeLuxe Serge. In Blue, Gray and Brown. A finer quality of fabric for men who like the heavier weights. Under ordinary manufacturing conditions would retail for $46.50.

700,000 Suits a Year Capacity!

The quality is THERE . . . and there's more quality, more VALUE than the CLOTHCRAFT price represents. You can't measure a CLOTHCRAFT "5130" SERGE at $29.50 by other Suits that sell at $29.50. They aren't the same. For the simple reason that CLOTHCRAFT Clothes are made in the world's largest single clothing plant . . . a plant with a capacity of 700,000 suits a year . . . the most completely equipped clothing plant in America . . . and a plant that has developed its manufacturing processes along such scientific lines that men come from all over the world to see this plant in operation.

Imagine the savings made by scientific manufacturing on such a scale! *You* get them in the CLOTHCRAFT retail price!

"20 Years Ahead of the Clothing Industry"

And then, you must remember that the Joseph & Feiss Company, who make CLOTHCRAFT Clothes, are the oldest men's clothing manufacturers in the United States, and during the last twenty years most of the important improvements in the making of men's clothing have originated in the CLOTHCRAFT Shops.

One of the country's foremost industrial engineers, a man who visits and knows all of the great manufacturing organizations of America, has pronounced the CLOTHCRAFT Shops "20 years ahead of the entire clothing industry." That is why every time you buy a CLOTHCRAFT Suit or Overcoat you save $10.50!
